

 **Sealed Air**

Quick Shot[®]

Inflatable Packaging Delivery Solution

Delivers up to 120 metres of inflated bags per minute, increasing packaging output and improving efficiency

New “Slit / Perf” film technology

For easy bag separation and reduced operator fatigue

Small footprint

Saves valuable warehouse floor space

Adjustable length dial feature

Dispenses the required amount of airbags for your individual void fill needs, saving packing time

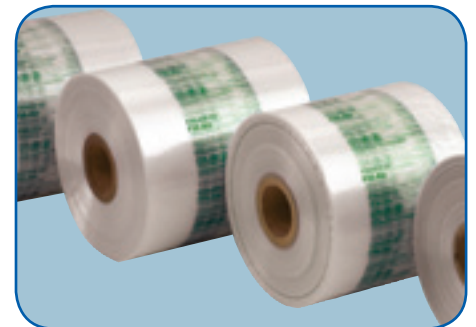

Proprietary “Smart Tug” feature

Advances the Fill-Air[®] bags directly into the carton to be packed, increases the amount of boxes packed per hour

Easy to load and operate

Reduces downtime in the packaging operation

Works with multiple sizes of Fill-Air[®] bags

Ideal for operations with multiple carton sizes and various void fill needs
